

Ambassador Dharshana M. Perera had wide ranging discussions with Governor Anders Danielsson, Mayor Anneli Rhedin and President Regional Council Annika Tännström during the official visit to West Sweden Region on 7th October 2021, the first official visit outside Stockholm.

Discussions with the West Sweden Chamber of Commerce too hold the potential for future cooperation. The pursuit of City's and the regions vision of a sustainable, climate friendly future, economically dynamic city which is emerging as the smart city of the future, is truly inspiring.

We express gratitude to Governor Danielsson, Mayor Anneli Rhedin and President Annika Tännström and for sharing the time at the opening of the Honorary Consulate.

The new Honorary Consulate operations in Gothenburg under the leadership of Mr. Marcus Petterson, is a symbol of Sri Lanka's strong commitment to re-calibrating Sri Lanka's relationship with the region; and, its being established during the City's milestone year 2021- the 400 year anniversary. Sri Lanka is confident of the great potential for future partnership.
